## TESTS PERFORMED BY NON-LABORATORY PERSONNEL AT JMCGRH

Under the direction of the laboratory, in addition to bedside glucose, non-waived tests performed by non-laboratory personnel and the location at which they are done are listed below:

All testing is performed under the laboratory CLIA license. All personnel are trained and competency demonstrated under the auspices of the laboratory.

- ACT: RNs, RTs, RTTs, and Perfusionist hospital wide  
CRNAs, and RTTs, in surgery
- O2 Saturation: RNs, RTs, and RRTs in Cardiac Cath Lab
- ABG, Electrolytes & Glucose: RNs, CRNAs, RTs, Perfusionist hospital wide
- Heparin Assay by Protamine Titration (HPT) and Heparin Dose Response: Perfusionist hospital wide

The lab reviews quality control, proficiency testing and maintenance logs of instrumentation. Additionally the following provider performed testing is done. The competency of the physicians and mid-level practitioners of Jackson-Madison County General Hospital is not under review of the laboratory.

1. Vaginal pool fluid for ferning
2. Ocular Fluid pH

No other testing by non-laboratory personnel is permitted.
